America's Favorite Garage Doors®

CENTRAL STATE DOOR SERVICE

Avante®, Dark Bronze (Anodized) Frame with Obscure Insulated Glass

Avante®, Bronze (Anodized) Frame with Frosted Tempered Glass

STYLE AND CONSTRUCTION

Frame Detail

Section Joint Seal

Reinforcing Fin (Double car doors)*

- Aluminum frame provides a virtually maintenance-free, long-lasting door.
- Many glass and panel options available.
- Section joint seal helps keep out air and water.
- Heavy-duty steel ball bearing rollers with nylon tires provide quiet operation.

**Doors wider that 14' include built-in reinforcing fin. Standard doors 12' and under do not use built-in reinforcing fin. Usage on widths 12'2" to 14' depend upon glass weight. WindCode® doors may vary. Contact your Clopay Dealer for details.*

FRAME/SOLID PANEL COLOR OPTIONS

Clear Aluminum (Anodized)	Standard White (Painted)	Bronze (Painted)
Chocolate (Painted)	Bronze (Anodized)	Black (Anodized)
Dark Bronze (Anodized)		

Due to the anodizing process, color variation may occur.

The use of "Bronze (Painted)" is recommended for a more consistent bronze finish color.

CUSTOM PAINT OPTIONS

Custom colors make Avante® garage doors personal. Choose a Color Blast® finish or RAL Powder Coating to create the perfect door. The only limit is your imagination! See your Clopay Dealer for details.

COLOR BLAST® | RAL

AVANTE®

The NEW Avante® garage doors are designed with architects, contractors and homeowners in mind. With a more balanced look, crisp lines and a section seal, the new doors look and perform better. These doors are the perfect choice to modernize any home; transforming not only garages, they can also be used as an indoor loft partition or as versatile solarium doors. Many glass options are available to control the degree of light transmission and privacy.
