

# DONE RIGHT. RIGHT NOW.

## A CENTRALIZED PLAN FOR YOUR FACILITY MAINTENANCE AND EQUIPMENT NEEDS

Choosing MINER as your single-source provider will increase facility uptime, reduce costs and ensure consistency with safety and compliance expectations.

You trusted MINER as your partner for the strategy and development of your commercial facility construction project. Now, trust us for your ongoing facility maintenance and equipment needs. As a nationally recognized facility management expert, we work with with you to design a proactive and effective maintenance strategy to maximize your return on investment.

There are many benefits to working with a single-source provider like MINER to centralize your maintenance infrastructure including:

- Unbiased equipment recommendations, we have your best interests in mind
- Maintaining manufacturers warranties based on proper and scheduled maintenance\*
- Consistent safety protocols and understanding what it takes to achieve compliance standards
- Insight into equipment procurement and maintenance costs
- Consolidated paperwork and reports improve operational efficiency
- Data to help make proactive maintenance and equipment decisions

### Reduce Downtime and Prevent Costly Repairs

Proactive maintenance takes steps to anticipate and resolve problems before they occur—reducing higher overall costs. We can help keep every aspect of your facility operating at peak effectiveness and efficiency.

### Increase Facility Uptime With Localized Service

Repairs will be done right—right now! MINER offers you national scale with personal, localized service. With dedicated service professionals, we are ready 24/7 to serve your maintenance and repair needs.

### Provide Best-in-Class Safety Practices

Our services provide performance and safety solutions for regulatory and company compliance tracking, including OSHA, ADA, Fire Doors, FDA and warranty support. Bottomline, we protect your employees and your business.
